2045 L'Aouina , Tunis

COMPUTER SCIENCE STUDENT

Motivated Computer Science student with a passion for data analysis, web development, and artificial intelligence. Eager to apply theoretical knowledge in practical settings and contribute to innovative projects. Possesses strong problem-solving skills, a solid foundation in programming languages, and a keen interest in exploring new technologies. Proven ability to work collaboratively in teams and adapt to new challenges. Seeking an internship opportunity to gain hands-on experience and make meaningful contributions to cutting-edge projects in the field.

STRENGTHS AND EXPERTISE

- Data Analysis
- Web Development
- Artificial Intelligence
- Problem-solving
- Algorithm Design
- Mathematics
- Team Collaboration
- Strong Communication
- Critical Thinking

PROFESSIONAL EXPERIENCE

October 2023- Present

Freelance Web Developer

Developed and maintained websites for small businesses. Collaborated with clients to understand requirements and deliver customized solutions.

Juin 2024 - july 2024

Software Developer Intern at Tunis Stock Exchange

Tunis Stock Exchange provided me with invaluable experience in applying my technical skills to real-world challenges in financial markets. Developing the web application for processes, risks, and assets management not only contributed to BVMT's operational efficiency but also enriched my understanding of the complexities and importance of financial market infrastructure.
